Hey guys!

Unfortunately we had a scheduling conflict with the upcoming June 24th – June 26th Rage Hollow campsite. We attempted to book at another site and were unable to find anything available for that weekend or surrounding weekends.

We have decided to move forward and change the July 15th – July 17th Lumberton event into a joint effort from our Rage Hollow and Lumberton plot teams as a Campaign Event. The event plot team will be Ben Mathis, Jeremy Schnipke, and Bill Tobin. The current event information is as follows:

“Long has been questioned what mysteries are held beyond the borders of our maps. Many scouts and cartographers alike have made great efforts the cross what is now known as "The Veil", but this magical barrier has proven to be too strong....until now. Come and join us just north of Prinnith in the Kingdom of Lorne in an event that will surely yield a plethora of surprises!”

We are looking into the possibility of a one day gathering for June 25th, but we have no solid plans at this time. Once we are able to get something planned we will announce it.

The event schedule has been updated on the website. If you have any questions please feel free to contact us at acceleranttransition@gmail.com

Keep your eyes open for plot details for this upcoming Campaign Event!
